

## THE LEGISLATIVE ASSEMBLY.

Sixteenth Day.

THURSDAY, JUNE 12.

The House opened at 10 A. M. Prayer by the Chaplain. Minutes read and approved.

Rep. Brown presented a petition to widen a street leading to the Insane asylum, and to appropriate \$3,000 for that purpose. Referred to committee on Public Lands.

Rep. Kahookano presented a petition from Kohala for \$2,500 to assist female boarding school; referred to committee on Education. \$500 for moving statue of Kamehameha I. to Court yard.

Rep. Kapaehaole moves reference to committee on Public Lands.

Rep. Kahookano moves reference to Judiciary committee.

Rep. Kalua—There is no question of law involved, and I move to lay on the table to be considered with the Appropriation bill.

Rep. Kahookano withdraws his motion to refer to Judiciary committee.

The motion to lay on the table is carried.

Noble Pua presented a petition with 800 signatures that the Ministers be removed on account of end-avoring to take away the independence of the Hawaiian Kingdom and encouraging disturbances, and not being in accord with each other, and not apprehending persons who shot Hawaiians on July 30th, and not having prevented importation of opium.

Rep. Kalua moves to lay on the table to be considered when the resolution of want of confidence is brought in. Carried.

Noble Pua presents a petition that the present Constitution be abolished and Constitution of Kamehameha V. be re-established.

Rep. Kapaehaole moves to lay on the table until there is some movement to abolish the Constitution. Carried.

Noble Pua introduces a resolution that the segregation of lepers be abolished, because lepers are not cured properly treated, and because they die at Kalaheo.

Rep. Waipulani moves to lay on the table to be considered with bills on the subject of hospitals, etc. Carried.

Noble Pua presents a petition that the vaccination law be repealed, because it spreads leprosy and because people don't know whether matter used is bovine matter or leprosy matter. Laid on the table to be considered with bill.

Rep. Kahookano presents petition that \$5,000 be inserted in appropriation Bill to pay petitioners (forty policemen in Kona) for services in six months last past. Referred to Judiciary committee.

Rep. Waipulani presents petition that duties on coffee be increased. Laid on the table to be considered with bill.

Also for \$6,000 to assist St. Louis College. Referred to Education committee.

Rep. Kamai presents petition from Kapaehaole that all lepers be released. Referred to Sanitary committee.

That Hana be divided into two Judicial Districts.

Rep. Kahookano moves laying on the table until Rep. Kamai introduces a bill. Carried.

Rep. Kamai presents a petition that the Cabinet shall consist of two Hawaiians and two foreigners. Referred to Judiciary committee.

Noble Baldwin says, as member of committee on Foreign Relations with regard to Treaty, I am ready to report.

The report is in typewriter's hands and could be presented this afternoon, the morning would be better I think. I have had no idea of delaying, but found more in the subject than I expected. It is the most important question before us and ought not to be hastily dealt with. I was deprived of one day's work by report of committee being taken to printer.

I would like to have the secretary reminded that every document in his hands is tabbed and cannot leave his hands without the order of the House.

Rep. Nawahi says, as secretary cannot speak for himself, he would state that the report had been handed back to committee to have unparliamentary language corrected. I therefore think the secretary is not to blame.

Noble Baldwin—I did not wish to blame the secretary, but simply to remind him of the rule. I was told it had been given to committee to correct, but went over to so-called Arion house and found it being translated.

Rep. Nawahi would like to inquire in regard to report of Opium committee. I think they ought to report and if they are not capable of presenting one, we had better discharge them.

Minister Damon—I have here a summary showing who pays the taxes. It ought to have gone into my report, but could not be got ready in time.

Noble Baldwin reads Act prescribing seat of Justice of Second Judiciary Circuit of the Kingdom.

Rep. Kalua moves that this bill be rejected. Although I come from Waialuku I don't approve of bill. I don't think it would expedite business. In the first place the Government has no lot suitable for purpose, nor the buildings. The bill means that all the public business will be done in Waialuku instead of Lahaina. Another reason is that people don't ask for it. Nobody wants it except a few rich people whose convenience will be promoted by it. It would be inconvenient for the inhabitants of Molokai and Lanai. Perhaps the lawyers will like it because there are two saloons in Waialuku and none in Lahaina. It is an old bill.

Noble Baldwin thinks bill ought not to be discussed now. It ought to take its course. This bill refers to Maui, Molokai and Lanai, and people of those islands are not supposed to know what ought to be done. I might go on and explain that most of the criminal cases come from our side of the island. That the population is there and that Lahaina has dwindled so that it is hardly more than one plantation. Figures ought to be brought to prove all these things but now is not the time. I know why the bill was rejected last session. It was done out of deference to the feelings of a few. I have no personal feelings in this matter. This bill is not mine but it is for the interests of the population. The Supreme Court are in favor of the bill and in deference to them it ought to be investigated and not rejected now.

Rep. Kapaehaole says if the bill goes into effect both terms will be held at Waialuku. This is not fair to the people of Hana, Molokai and Lanai. It is not going to be convenient for the jurors either. Things have changed and there is now steam communication it is said. My constituents would have if they went by steamer, to come down to Honolulu and there take the boat for Kalaheo or Maalea bay. Another thing is that the seat of Government being at Lahaina, all the records are there and

they will not be available. Another objection is the expense of new buildings, etc. The Government now has very good buildings at Lahaina.

Rep. Kalua—The introducer of the bill is not a man without legislative experience, and neither are the two others who have spoken. They all know that proper time for discussion is second reading, and on this point I agree with the introducer of the bill. I am opposed to the bill but in favor of letting it take its course. We are not here to consult the interests of the lawyers.

Rep. Rosa—I rise to oppose motion to reject. I think the bill emanates from the Supreme Court and if anybody understands the case they do. I have found in my practice and when I was Attorney-General that there were six cases from Waialuku to one from Lahaina. It is a known fact that the population of Lahaina is decreasing daily.

Noble Baldwin—As Rep. Rosa has intimated that the bill comes from the Supreme Court I may as well say that it does come from them, and that deference to them requires that the bill be carefully considered. I think the members of the House will have the good sense to send the bill on its course so I will not discuss it further.

Rep. Rosa—I had no information from the judges but I supposed it came from them, as they have always favored it.

Noble Widemann—This bill has been here not four times but eight times and owed its ill success to the warm opposition of L. Aholo as member for Lahaina. This law will give the greatest good to the greatest number.

Noble J. M. Horner—When practical men get into difficulty they look around and try to find the practical and cheapest way out of it. What right has this House to say where the people of Maui shall locate their Courts? We are trying to establish the principle of home rule. Why can't we pass an enabling Act according to which the people of the islands interested can fix the seat of justice for themselves?

Rep. Kalua—The principle reason mentioned by introducer is that Waialuku has more population. But Courts are fixed necessarily where population is greatest. Lahaina is a more central locality than Waialuku. I don't think the fact that the Supreme Court favor the bill makes any difference. They are paid to do the work and must go where the Courts are held.

Rep. White—As bill refers to my district, I ought to speak. Now that the honorable noble has gone over to the other side of the island and become rich he wants to take away from us what little we have. Now we are going to have a fine road, the honorable member can drive over with his rich friends and take a sea bath without fear of sharks, because we have a good breakwater. Lahaina is a healthy place and the people are good there. That cannot be said of Waialuku, where mud is knee deep in rainy weather. If, as an honorable member has stated, all the criminals come from Waialuku, that is a reason for holding Court in Lahaina where an honest jury can be obtained. Government buildings in Lahaina, jail, Court House, etc., will become useless. Government building will become a dance hall or worse, and the jail a goat pen, perhaps. Two members here represent Lahaina—Noble Eorner and myself. He thought he would have to vote as the majority did. I hope since then he has changed his mind. In a few days we shall have a petition here signed by 500 native Hawaiians, and I hope the House will regard it. I move previous question; carried.

The ayes and noes are called for. The motion to reject was lost—23 to 27.

Rep. Bush reads bill to abolish Master and Servant Act. He states bill is important and moves it be printed. Bill takes its course.

Rep. Kapaehaole reads bill which takes its course.

Rep. Marques reads resolution proposing a subsidy of \$1,500 to assist in defraying the expenses of the Kapiolani Maternity Home; referred to Finance Committee.

Secretary Wilcox reads a communication from the Secretary of the Board of Managers of the Kapiolani Home inviting their attendance at the opening on Saturday, June 14th, between 3 and 6 P. M.

Minister Thurston presents his report in English and also a special report on the sewerage of Honolulu.

Rep. Kalua wants to know how long it will be before the native report is ready. Thinks if Printing Committee had received report in manuscript it could have been printed quicker.

Minister Thurston said the lowest tender for printing the reports had been accepted, the same as with other reports. It was in the printer's hands several weeks before Legislature met.

Noble Cornwell reads his Act for Quiet Titles to Real Estate.

Rep. Kahookano introduces resolution stating that, whereas it appears by report of Foreign Affairs Committee, that certain documents were withheld by the Minister of Foreign Affairs, resolved that he present those documents to the House immediately after the passage of this resolution.

The House adjourned at 12:45 to 10 A. M., Friday.

(Continued on page 7.)

## Special Notices.

## NEW ADVERTISEMENTS.

WM. H. TAYLOR, PRESIDENT.

R. S. MOORE, SUPERINTENDENT.

## RISDON IRON &amp; LOCOMOTIVE WORKS

S. E. Corner of Howard and Beale Streets, San Francisco.

## AGENTS FOR THE DAVIDSON STEAM PUMPS

THE only Steam Pump made that can be run at high piston speed, without shock, and with safety to the machine. Piston rods, stuffing boxes, valve seats, stems and lining of water cylinders are of the best composition metal U. S. Standard. THESE Pumps have been adopted by the United States Government for use on all their Cruisers, this demonstrates their undoubted superiority over all other pumps.

A GOLD Medal was awarded this Pump by the Massachusetts Charitable Mechanic Association, one of, if not the oldest of its kind in the United States—money can not buy a gold medal from this Association,—merit alone secures it, and it was won from a large number of exhibitors of steam pumps.

BROOKLYN, N. Y. January 8th, 1890.

Messrs. RISDON IRON &amp; LOCOMOTIVE WORKS, San Francisco.

Gentlemen:—Replying to yours of the 28th ult., have to say as follows:

The Pumps we have delivered to the Spreckels' Sugar Refinery at Philadelphia are

6 Double Plunger Pumps.....	18x14x24 inches,	1 Light Service.....	9x6x12 inches,
4 Piston Pumps.....	10x12x24 "	1 Light Service.....	8x8x12 "
2 Metter Pumps.....	18x12x24 "	1 Light Service.....	5x5x12 "

A total of 15 Pumps.

They are without question the finest plant of Pumps in any sugar house in the world.

Yours truly, M. T. DAVIDSON.

THIS Pump received a medal for "the best Pump in general use," from the California State Fair of 1889.

Full stock of Boiler Feed Pumps, Light Tank and Circulating Pumps—all sizes—constantly on hand.

## Manufacturers of Sugar Machinery

2-Roll and 3-Roll Mills, Engines and Boilers, Sheet Iron & Steel Water Pipe & Flume, Irrigating Pumps and Machinery, Double, Triple and Quadruple Effects, Juice Heaters, Vacuum Pans, Cooler Wagons and Tanks, Improved Filter Presses, Railroad Cars and Railroad Material, Clarifiers, Heine Patent Safety Boiler,

## IMPROVED DIFFUSION APPARATUS

CAPACITY AND RESULTS GUARANTEED.

Plans and Estimates furnished on application.
